MEMORANDUM FOR THE RECORD

TO : Chief, Africa Division

STAT FROM :

SUBJECT: Stockwell Working Group

STAT 1. and I met with the Stockwell Book Working Group this morning from 0900 - 1030 hours.

2. The purpose of the meeting was to discuss with them the segments of the Senate Select Committee on Intelligence (SSCI) report on Angola which concerned itself with allegations similar to some of those made in the Stockwell book.

3. We reviewed with the Group our responses to the individual SSCI allegations in short form and thereafter provided them with both a copy of the SSCI report and our responses thereto.

4. I made it clear to the members of the group that our responses were merely working papers although we felt they treated all of the SSCI points fairly and in an even-handed way.
